—Mrs. Charlton Alexander was the very charming hostess, Tuesday morning, to the Six-Hand Euchre and the Pastime Euchre Clubs at her lovely country home near Hutchison. This is one of Bourbon's handsomest homes and with its handsome antique mahogany furniture, of which the Alexander family is justly proud, with the new and beautiful things which this lovely matron of a few years possesses, few places can boast of as much attractiveness.

Mrs. Alexander was assisted in receiving her guests by her sister, Mrs. Harris, of Versailles, and beautiful little niece, Miss Moore, of Harrodsburg. Miss Gertrude Renick presided at the punch bowl.

After several very delightful games of six-hand euchre, two elegant prizes were awarded. Mrs. Thompson Tarr won first prize, which was a cut glass syrup stand. The second prize was won by Mrs. James Thompson, a cut glass and silver letter file.

Luncheon was served at twelve o'clock. Those present were:

—Mrs. John Stuart Roberts entertained yesterday afternoon at progressive euchre at her lovely home on Duncan avenue. Mrs. Roberts is numbered among the most popular young matrons, and her entertainments are always most enjoyable. The house, with its very tasty furnishings, was made more attractive with potted plants, hanging baskets, cut flowers and pretty, graceful vines draped in the doorways and on the mantels.

Mrs. Roberts was assisted in receiving her guests by her two charming sisters, Mrs. Kelley, of Georgetown, and Mrs. Ferguson, of Fayette county, and her guest Mrs. Tarlton, of Lexington. After several interesting games of euchre, a delightful luncheon was served of meats, salads, hot rolls, frozen punch, etc. Mrs. Jesse Turney won second prize, which was an exquisite hand-painted plate. The first prize was won by Mrs. Will Talbott, which was a handsome cut glass plate. Those present were:

MARRIAGES.

—One of the prettiest, though one of the simplest, of the many June weddings of the year, was that of Miss Annie Bruce McClure to Mr. Charles Oakford Hinton at the Methodist Episcopal Church, in this city, last evening, at 8 o'clock, Rev. J. L. Clark officiating. Many happy hours had been spent by the friends of the two families in putting into place the simple yet beautiful decorations—green plants, relieved here and there by white hollyhocks and other old fashioned white flowers.

At eight o'clock promptly, when the church had been filled to overflowing with the many relatives and friends, the wedding march was played by the organist, Miss Nita Hudson, and all turned to see the wedding procession. The ushers, Messrs. Albert Hinton, Robert Hinton, Edgar Taylor and Hume Payne, first filed down the four aisles to the altar; then entered the handsome maid of honor, Miss May Ora Durham, of Danville, who had long been an intimate friend of the bride, gowned in a green mull, carrying a shower bouquet of white sweet peas. She was followed by the lovely bride, gowned in white crepe de chine, trimmed with Japanese Renaissance lace, with a veil of white tulle, carrying a shower bouquet of lilies of the valley, upon the arm of her father, Mr. James McClure. The groom with his best man, Mr. Will Hinton, his brother, entered the church from a side door, meeting his bride at the altar, where a graceful semi-circle was formed. Rev. Clark then with a very impressive ceremony pronounced the words that bound to loving hearts together for life.

The bride is the only daughter of Mr. and Mrs. James McClure. She is a handsome and accomplished young woman, and much loved by a large circle of friends.

The groom is a son of Mr. and Mrs. Wm. Hinton. He is connected in the jewelry business with his father, and is one of our most substantial young business men.

After the wedding the bride and groom left for a short journey whose destination is unknown for "reasons."

During the days preceding the wedding a number of guests have been visiting the McClure home, among whom are the following: Miss May Ora Durham, of Danville; Miss Annie Bruce Paynter, of Shelbyville; Miss Cora Leila Butler, a Wellesley classmate of the bride, of St. Louis, Mo.; Mrs. Rufus Lisle, of Winchester; Mrs. Charles White, of Clark county; Dr. Robert Winn, brother of Mrs. McClure, who leaves in two months for service in the Philippines.

—The wedding of Mr. John Reading and Miss Katherine Gay was celebrated last night at 9 o'clock, at Pisgah Church, in Woodford county. Miss Bessie Holladay, of this city, was maid of honor.

The bride is a sister of Mrs. Newton Mitchell, of Paris, and is a very handsome and attractive young lady, being one of Woodford county's fairest daughters. The groom is a prominent young business man of Frankfort.

The couple drove to Lexington after the ceremony and took train for Niagara Falls and points of interest through Canada.

—Mr. Joseph Moore, of this city, and Miss Lena Barrett, of Clark county, were married at Lexington, Wednesday. Mr. Moore is an L. & N. civil engineer, with headquarters in this city, superintending the rebuilding of bridges.

Killed by Lightning.

During a severe thunder storm Monday afternoon the residence of W. S. Gammon, near Burgin, Mercer county, was struck by lightning and Mrs. Kitty Edwards, an aunt of Mrs. Gammon, was instantly killed. She was in an upstairs room, standing near an open window. A little child was with her at the time and was not injured. Mrs. Edwards was a native of Danville, but had for some time been making her home with her niece, Mrs. Gammon.

Paris, Ky., Friday, June 23, 1905.

FROM Plymouth Rock to Puget Sound is no farther than from Puget Sound to Plymouth Rock. In other words, it is no farther from you to us, than from us to you. You should be just as much interested in the future welfare and betterment of your city as we are. We are willing to put up our good money to pay for the expenses of having printed an illustrated the history of Paris and Bourbon county, which will cost not less than \$600—to bring an experienced historian and illustrator here to compile the book—whether there is one dollar appropriated or one hundred, the book is going to be published. Remember we are making no kicks, only explaining. So far, we have met with the most promising encouragement, and the book promises to be the greatest thing of its kind ever published, and we don't wish to leave anything out, we want the book complete, and in order to have it so we must have some help from the public. If you have an industry of any kind we want to publish a picture of it, with a short sketch; if you are a professional man we want to let the world know it; if you have a pretty home we want a picture of it; if you know anything of interest concerning the past or present history of Paris or Bourbon county we want it; if you are a raiser of blooded stock we want to tell the world about it; if you raise hemp, corn, tobacco or grass seed in any quantity let us publish it. In other words, come and see us, we will appreciate any suggestions that you may make concerning what should be published in this history. Let us hear from you in person or by letter.

Now is the time for those enterprising (?) citizens that have talked so much about what should be done for the good of the community to come forward, and to show by their actions that they have the welfare of the county at heart and not at the end of their tongue.

THE report of the Shelby County Grand Jury is about the warmest number we have recently come across in regard to the gambling evil. It would seem from this report that there are twelve good men, at least, in this old Commonwealth who do not put all the blame on us poor men for buying a few "chips" and taking a "fly" at the ponies occasionally. These Shelby County jurymen strike right from the shoulder and hit hard. The report in part is as follows:

"We heartily commend the untiring efforts put forward by our efficient Commonwealth's Attorney to discover and bring to justice that class of criminals known as 'crap shooters' and 'poker players.' But to our minds there exists in our midst a gambling evil tenfold greater and more pernicious than 'craps' or 'poker.' We refer to that form of parlor gambling known as progressive euchre and its counterparts. Were it not for the creation of gamblers by practice and cultivation in the home, the holes of pollution and iniquity and gambling hells in towns and cities of our Commonwealth would not exist. Our opposition to progressive euchre and kindred games is unrelenting. We respectfully suggest an abatement of the evil and call upon fathers and mothers in the county to look well to the creation of higher moral standard, and the attainment of a purer moral atmosphere."

JAPAN has found use for only one naval and one military commander-in-chief at the front during the course of the war in the Far East. Russia has used—and, in a majority of cases, used up—two of the latter and half a dozen of the former in the struggle with Japan. Apparently it is still a most unprofitable business to be badly beaten in war.

On the theory that half a loaf is better than no bread, Sweden is willing to let Norway go if Norway will leave her northern half with Sweden and she will even consent to throw in a Swedish King for the southern half. Almost as canny as the Scots, these Swedes!

In an East Side school in New York the fact was brought out that a number of the pupils had never seen a cow, and it was considered remarkable that in their attempts to describe the animal, none of the youngsters attempted to compare it with a town pump or hydrant.

STOCK AND CROP.

—A Woodford county farmer gathered 5,000 bushels of bluegrass seed on his farm last week, and says the yield is less than half.

—George W. Robinson sold 217 acres of Glenworth Farm, in Mercer county near Burgin, to Allin Edelen, at \$123 an acre and 153 acres to John Burgin at \$110.

—The farm of the late William Payne, containing 102 acres, on the Leestown pike in Scott county was sold publicly at \$102 an acre, John Dolan being the purchaser.

—W. A. Thomason, of North Middletown, has purchased 25,000 bushels of bluegrass seed from various farmers. He paid 75 cents per bushel, for August and September delivery.

—The early lamb shipments will close up this week. The prices paid at home by buyers ranged from 5½ to 6 cents. W. B. Green shipped from this city three double deck cars, Tuesday, that averaged 83 pounds.

—The report of the Agricultural Department at Washington of a 20 per cent increased acreage in the Kentucky-Tennessee dark tobacco is denied with the statement that but 60 per cent of the crop has been planted.

—The sale of the herd of Jersey cattle belonging to the estate of N. F. Berry, in Fayette county, seventy-five head sold for a total of \$10,380. The highest price of the day was brought by a cow, bought by a Pennsylvanian for \$2,250. A suckling calf out of this cow brought \$650.

—For the first time in twelve years it is said that American hogs are now being sent into Canadian markets. This condition is due to the scarcity and high prices of suitable hogs of Canadian origin for ideal use, says the National provisioner. Even American porcines are said to have found their way last week into Canadian markets. Hogs quoted at \$5.40 at Chicago and \$5.45 and \$5.50 at Buffalo last week brought \$7.25 in Toronto, which accounts for the unusual movement. Ontario hogs of proper quality are scarce and the Canadian packers must keep their plants running.

A FOOLISH PLAN

'Tis a joy to eat—I welcome my dinner hour; Because I rout indigestion with August Flower! Constipation is the result of indigestion, biliousness, flatulency, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuralgia in various parts of the system, catarrhal inflammation of the intestinal canal and numerous other ailments that rob life of its pleasures if they do not finally rob you of life itself. "I'm bound in the bowels," is a common expression of people who look miserable and are miserable—yet who persist in "letting nature take its course." What a foolish plan, when nature could be aided by the use of Green's August Flower, which is nature's own remedy for constipation and all stomach ills. August Flower gives new life to the liver and insures healthy stools. Two sizes, 25c and 75c. All druggists.

Dead Body Found In Stable.

While some small boys were playing in an old stable in rear of Mr. W. W. Massie's residence yesterday morning they found a shoe box. Being of an investigating turn of mind they opened the box and found it contained the body of a baby. The boys without further investigation dropped it like it was a coal of fire and never stopped until they arrived in town and reported same to the Coroner. Dr. Kenney had the box brought to G. W. Davis'. The body was in a bad state of decomposition and it could not be told whether it was a white or colored child. It is supposed to be a seven months' old child of premature birth, and had been placed in this old stable months ago.

Work of Artists.

The Building Committee of the new Court House, on Wednesday, accepted the work of F. Pedretti's Sons, the fresco artists and decorators of Cincinnati, who have just finished their work in the new building. The committee was highly pleased with the work of these artists, who carried out their contract to the letter.

The work was done under the personal supervision of Mr. Raphael Pedretti and is as handsome work in frescoing as can be found in any building in the country. The beautiful halls have tan ceilings with red paneled walls; the big court room has cream ceilings with green walls. The finish is encaustic, which is a wax finish. In the Circuit Court room over the Judge's stand, on ceiling, is an allegorical picture, twelve feet long and six feet high, the female figure representing justice and the two male figures, industry and science. The four large pictures in the dome represent the four seasons—Spring, a barn yard, stock, fowls, etc.; Summer, bluegrass strippers at work; Autumn, a tobacco patch with hands at work; Winter, negroes breaking hemp. Taking as a whole they are not only beautiful but show that an artist put them there. All of the work done by these gentlemen is designed in Greek, in keeping with the character of the building, which is of Greek model.

There was no delay in the work or hitch in any way, and if there was a single contract on the building carried out to the perfect satisfaction of everybody, F. Pedretti's Sons get the medal.

Wants Vindication.

Mrs. Elizabeth F. Clay, the deposed matron of the Odd Fellows Widows and Orphans Home in Lexington, who was recently removed by order of the Board of Control of the home, has addressed a letter to the Odd Fellows of Kentucky in which she recites the work accomplished by her during the seven years she had charge of the institution, and tells how her efforts to build up the home were crowned with success. She complained bitterly of the action of the Board in removing her, without acquainting her with the charges made against her.

Mrs. Clay says she has made repeated efforts to get both the Secretary and President of the Board to give her a copy of the testimony secured by the Committee, but to each of these requests she says she was told that the matter could not even be read by the Grand Masters, Past Grand Masters, Noble Grands or any Odd Fellow in the State not a member of the Board.

The removal of Mrs. Clay was the result of alleged friction between her and Prof. Swift, who for the past year was in charge of the boys of the Home.

The letter by Mrs. Clay has caused a sensation in lodge circles, and it is said a movement will be made by her friends in the lodge in Lexington to ascertain if possible the nature of the charges which resulted in her dismissal.

Sunflower Philosophy.

[Atchison (Kan.) Globe.]

Most women know that if they do not behave, men will talk about them.

Ever remark how often heroes are changed? A hero seldom lasts three months.

It is mighty hard to do business for people who don't know what they want.

Wives say one of the easiest things in the world is to catch a husband when he engages in mischief.

Most of us are like the average card player: imagine we could do a lot if we could ever get a good hand.

A certain man died and his business went along as well without him as it did with him. Isn't it too bad he didn't find it out before he died?

These short sleeves the women are wearing on the street are making a woman's bare arms as unattractive as the average chorus girl's legs.

The people down in their hearts admire the father who refuses to sit on the back porch for any daughter's beau.

Most men are willing for their sick wives to become Christian Scientists because it is cheaper than the old way, and the average man doesn't think his wife is very sick.

"I don't see how they find so much to talk about," said a woman speaking enviously of the friendship of two other women, "Neither one has ever had a surgical operation."

Of late the stories in magazines do not stop with wedding bells. An addition is built on in which are the babies that look like their beautiful mother or their brave father.

We used to know a woman who was always dissatisfied. An old-fashioned woman who knew her once said: "She wouldn't be satisfied in heaven, with her apron full of red apples."

President Roosevelt, in a letter addressed to Secretary Taft, made public Tuesday night, directs the dismissal of Minister Brown from the diplomatic service and arraigns Mr. Bowen's conduct in the Bowen-Loomis controversy as "reprehensible." Mr. Loomis is exonerated as the result of Secretary Taft's findings.

The President Wednesday arrived at Worcester, Mass., in the rain, but weather conditions did not dampen the enthusiasm of the people, nor prevent the Executive from riding bareheaded in a carriage through the streets. Southern cotton spinners are urged to correspond with the bureau.

A sensational case of forgery has come to light in Philadelphia, in the discovery that B. H. Gaskill, who died about four weeks since, and member of a prominent brokerage firm, had made a business of raising stock certificates of gilt-edged character to make them call for hundreds of shares more than intended. Some of the banks and trust companies of Philadelphia are said to have been victimized to the extent of \$1,000,000 by loans on collateral of this character.

Proceedings in Circuit Court.

The only case tried in the Bourbon Circuit Court since our last issue is that of Harry Higgins, under indictment for robbery, who pleaded guilty and was given one year in the penitentiary. Other indictments against him were filed away. Higgins is the young man who followed the Sells-Forpaugh Circus here last summer. He is wanted in Lexington and Richmond on burglary charges.

Wednesday and Thursday were devoted to motions in equity cases.

The trial of Dave Smith, for the killing of another negro near Hutchison, is set for Monday.

The Grand Jury adjourned finally Wednesday after making a rather salty report to the court, of which we give in part, viz:

We have investigated the matter mentioned in Your Honor's charge with reference to the vagrancy statute, and such information as we obtained, we have communicated to the County Attorney with the request that he take immediate steps to proceed against all vagrants. We deemed this advisable, as in the lower court there can be speedier payers at much less cost to the taxpayers of the State and county than to have such parties in jail until another term of this court. Our information is that this course meets the approval of Your Honor.

We think that the comfort and convenience of the traveling public would be greatly added to if the traction company would place on its cars a toilet closet for the use of passengers.

There are some matters of common county interest that have not been done in a business-like way. Our county roads are not looked after as they should be. On the Harrod's creek turnpike there are some piles of broken stone that have been on the road side ready for spreading for four or five years, and yet that road has been in bad condition, in need of metal in many places during all of that time. On the Spears' Mill road not a lick of work has been struck in two years until since the convening of this Grand Jury. We are glad that something is being done there now, and we hope that work will not be suspended upon the adjournment of this Grand Jury.

Some years ago the county purchased some stone for the maintenance of roads and put same on a lot to be distributed from there. Said lot was afterwards purchased by a colored man and some of the stone sold by him, and we regret to say that the members of the Fiscal Court of the county, upon inquiry of them, never to have had knowledge or quite to have forgotten that the county ever had any property interest in said rock. We are of the unanimous opinion that our Magistrates and County Judge ought to acquaint themselves with what property the county owns and then look after it in a business-like way, and care for same as an ordinary, prudent and business man would look after and care for his own private property.

There is an old saying, that what is every body's business is no body's business. This county suffers from having too many road supervisors. There are three county road supervisors to look after the county roads and a committee of four Magistrates to look after the three supervisors; the roads are neglected; the committee says it is the business of the supervisors and the supervisors say they can do nothing without instructions from the committee. It seems to us that a change should be made. Our county should have one road supervisor, selected because of eminent qualifications for discharge of the duties pertaining to his office and paid an adequate salary. The people of the county ought not to be made to suffer that any political debts may be paid by a multiplication of places as reward for political services rendered. We were glad to learn in our investigations that Mr. Dundon, our County Attorney, advised against the appointment of three supervisors, and we do hope that our Fiscal Court without further action of a Grand Jury will so adjust and control road matters in the county as to comply with the evident intentment of the law as indicated in Chapter 110 of the Kentucky statutes. We ask our Magistrates and County Judge to let us have one road supervisor, and that he be required to give bond and discharge his duties exactly according as the law prescribes.

It is the sense of this Grand Jury that each account for services rendered by any person to the county or Bourbon should be itemized before same is allowed and paid and each day should be given and the day of the month and the year should show as well as the services rendered. If this is done, then no man can possibly receive two days' pay for one day's service without some chance of the records showing that fact. We have refrained from indicting for neglect of these matters because we do not believe any of the derelictions herein indicated were dishonestly done, but we beg of our Magistrates and County Judge and all charged with public duty that same hereafter be done in a business-like way and thus keep our county affairs above and beyond criticism.

Goebel's Monument.

The Goebel Monument Commission Tuesday inspected the plaster model for the statue of Governor Goebel made by Sculptor Neihaus, of New York. Neihaus was too ill to travel, so his wife came to Frankfort to explain the models to the committee. Senator J. B. McCreary, Chairman; Judge Lewis McQuown, Dr. E. E. Hume, Mrs. C. C. McChord, Mrs. Charles Lewis and Miss Sallie Jackson, of the committee, were present, besides Arthur Goebel. The committee selected the model which represented Governor Goebel in the act of making a speech, with one hand extended straight out in front and the other resting on a desk or table. This was the pose considered most striking like him, and the statue will be made that way.

A Large Flower.

The largest flower in the world, it is said, is the bolo, which grows on the island of Mindanao, one of the Philippine group. It has five pedals, measuring nearly a yard in width, and a single flower has been known to weigh twenty-two pounds. It grows on the highest pinnacle of the land, about 2,000 feet above the level of the sea.
